

MICHAEL ANDERSON

MEDICAL WARD NURSE

PROFILE

Compassionate and detail-oriented Medical Ward Nurse with 5 years of experience in providing high-quality patient care in busy hospital settings. I have developed a strong ability to assess patient needs, administer medication, and collaborate with healthcare teams to implement individualized care plans. My approach is patient-centered, emphasizing both physical and emotional well-being.

EXPERIENCE

MEDICAL WARD NURSE

Northside Hospital

2016 - Present

- Provided direct patient care to a diverse population in the medical ward.
- Administered IV medications and monitored patient reactions.
- Assisted in developing care plans tailored to individual patient needs.
- Trained new nursing staff on ward policies and procedures.
- Utilized patient management software for documentation and follow-up care.
- Participated in nursing audits to ensure compliance with healthcare standards.

STAFF NURSE

Community Health Clinic

2014 - 2016

- Conducted routine assessments and documented findings in patient records.
- Educated patients about disease management and preventive healthcare.
- Coordinated with healthcare providers to ensure comprehensive patient care.
- Participated in quality improvement initiatives to enhance patient satisfaction.
- Administered vaccinations and monitored for adverse reactions.
- Provided emotional support to patients and families during challenging times.
