Clinical Mental Health Coordinator

- San Francisco, CA
- (555) 234-5678
- michael.anderson@email.com

Dedicated Mental Health Services Coordinator with 9 years of experience in psychiatric hospitals and outpatient clinics. Expertise in developing treatment plans, conducting assessments, and coordinating care for patients with severe mental health conditions. Strong understanding of psychiatric regulations and compliance requirements, ensuring high-quality care delivery. Proven ability to work collaboratively with interdisciplinary teams and provide support for patients and families.

WORK EXPERIENCE

Clinical Mental Health Coordinator | Hope Psychiatric Hospital

Jan 2022 – Present

- Coordinated treatment plans for over 100 patients with diverse mental health diagnoses.
- Conducted comprehensive assessments to evaluate patient needs and treatment effectiveness.
- Collaborated with psychiatrists and therapists to deliver integrated care and support.
- Implemented patient education programs that improved knowledge of mental health conditions.
- Managed compliance with state and federal regulations regarding mental health services.
- Organized family support groups to enhance communication and understanding of treatment processes.

Mental Health Technician | Caring Hands Clinic

Jul 2019 – Dec 2021

- Provided direct care and support to patients in both inpatient and outpatient settings.
- Assisted in conducting intake assessments and developing individual treatment plans.
- Facilitated group therapy sessions focused on coping strategies and recovery.
- Monitored patient progress and reported observations to the clinical team.
- Ensured a safe and therapeutic environment for patients during treatment.
- Participated in staff training workshops to enhance skills in patient care and safety.
