MICHAEL ANDERSON

CRISIS INTERVENTION SPECIALIST

Dedicated Mental Health Therapist with over 10 years of experience in a hospital setting specializing in crisis intervention and emergency mental health care. Expertise in assessing and managing acute psychiatric conditions, including suicidal ideation, psychosis, and severe anxiety disorders. Proven ability to work collaboratively with medical teams to ensure comprehensive patient care.

PROFESSIONAL EXPERIENCE

General Hospital

Mar 2018 - Present

Crisis Intervention Specialist

- Conducted rapid assessments for patients in crisis, determining appropriate interventions and support.
- Collaborated with psychiatrists and nursing staff to develop immediate treatment plans for hospitalized patients.
- Facilitated group therapy sessions focused on coping strategies for patients experiencing acute distress.
- Provided ongoing support to patients and families, educating them about mental health resources and recovery options.
- Managed documentation for patient assessments and treatment plans in compliance with hospital standards.
- Participated in multidisciplinary team meetings to review patient progress and adjust treatment plans as needed.

Behavioral Health Unit

Dec 2015 - Jan 2018

Mental Health Technician

- Supported licensed therapists in implementing treatment plans for patients with severe mental health issues.
- Monitored patients' behavior and reported changes to the clinical team to ensure timely interventions.
- Assisted in conducting therapeutic activities and group sessions to promote social skills and emotional expression.
- Maintained a safe and therapeutic environment for all patients within the unit.
- Participated in training on crisis management and de-escalation techniques.
- Engaged with families to provide education and resources on mental health and support systems.

ACHIEVEMENTS

- Successfully reduced patient aggression incidents by 25% through the implementation of de-escalation strategies.
- Recognized by hospital administration for excellence in patient care and commitment to teamwork.
- Developed a training program for new staff on crisis intervention techniques, enhancing team effectiveness.
