MICHAEL ANDERSON

ARCHITECTURAL METALWORK SPECIALIST

Visionary Metal Craft Artisan with extensive experience in architectural metalwork and structural design. A strong background in collaborating with architects and builders to create functional yet aesthetically pleasing metal structures. Proficient in analyzing building requirements and translating them into innovative metal solutions that meet both safety and design standards.

PROFESSIONAL EXPERIENCE

Structural Innovations

Mar 2018 - Present

Architectural Metalwork Specialist

- Designed and fabricated custom metal components for commercial buildings.
- Collaborated with engineers to develop safe and innovative structural solutions.
- Oversaw on-site installations, ensuring compliance with safety regulations.
- Maintained project documentation and communicated progress to stakeholders.
- Conducted risk assessments to mitigate potential project delays.
- Implemented energy-efficient practices in metal sourcing and fabrication.

Design Build Group

Dec 2015 - Jan 2018

Metal Design Consultant

- Provided expert advice on metal materials and finishes for architectural projects.
- Assisted in the development of design specifications for metal elements.
- Conducted feasibility studies to assess project viability.
- Facilitated workshops for architects on metalworking techniques and trends.
- Reviewed project designs to ensure alignment with industry standards.
- Established partnerships with local fabricators for project execution.

ACHIEVEMENTS

- Project featured in 'Architectural Digest' for innovative metalwork.
- Received the Excellence in Metalwork Award, 2019.
- Successfully completed over 50 architectural projects within budget and on time.
