

# MICHAEL ANDERSON

Designer and Fabricator

- San Francisco, CA
- (555) 234-5678
- michael.anderson@email.com

Proficient Metal Craft Artisan with a specialization in decorative metalwork and functional design. Demonstrated ability to blend artistic vision with engineering principles to create functional yet visually appealing products. Extensive experience in designing and fabricating custom metal items ranging from furniture to architectural accents. Recognized for a strong attention to detail and the ability to work with various metals and finishes to achieve desired outcomes.

## WORK EXPERIENCE

### Designer and Fabricator | Creative Metalworks

Jan 2022 – Present

- Designed and produced custom furniture pieces that reflect client preferences.
- Collaborated with interior designers to integrate metalwork into projects.
- Managed production schedules to ensure timely completion of orders.
- Utilized a variety of welding techniques to achieve structural integrity.
- Explored innovative design solutions that push the boundaries of traditional metalwork.
- Maintained a clean and safe work environment, adhering to safety regulations.

### Freelance Metal Designer | Self-Employed

Jul 2019 – Dec 2021

- Engaged with clients to understand their vision and translate it into metal designs.
- Developed prototypes and models for client approval before fabrication.
- Managed all aspects of the design and production process from start to finish.
- Created unique metal sculptures for private collections and exhibitions.
- Utilized social media platforms to promote and showcase work.
- Built a network of clients and collaborators within the design community.
