EXPERTISE SKILLS

- metal surface treatments
- project management
- quality assurance
- regulatory compliance
- cross-functional collaboration
- defect reduction

LANGUAGES

- English
- Spanish
- French

CERTIFICATION

- Master of Science in Manufacturing Engineering, University of Engineering, 2011

MICHAEL ANDERSON

AEROSPACE METAL FINISHING SUPERVISOR

An expert Metal Craft Finisher with extensive experience in the aerospace and automotive sectors, specializing in the application of advanced surface treatments to enhance metal performance under extreme conditions. The career trajectory reflects a deep commitment to quality assurance and process optimization within high-stakes manufacturing environments. Proficient in the use of cutting-edge technology and tools, ensuring compliance with stringent industry regulations.

PROFESSIONAL EXPERIENCE

AeroTech Solutions

Mar 2018 - Present

Aerospace Metal Finishing Supervisor

- Supervised the application of specialized coatings for aerospace components.
- Ensured compliance with FAA regulations and quality standards.
- Implemented process control measures that reduced defects by 20%.
- Conducted training sessions on advanced finishing technologies.
- Collaborated with engineering teams to optimize product designs.
- Managed project timelines and deliverables for multiple aerospace contracts.

Precision Automotive Parts

Dec 2015 - Jan 2018

Metal Finishing Engineer

- Designed and implemented finishing processes for automotive components.
- Conducted failure analysis to improve finishing techniques.
- Monitored production metrics to ensure efficiency and quality.
- Participated in cross-functional teams to address manufacturing challenges.
- Developed documentation for quality assurance protocols.
- Led initiatives to enhance workplace safety standards.

ACHIEVEMENTS

- Achieved a 30% reduction in finishing time through process optimization.
- Received the Excellence in Engineering award for innovative solutions.
- Played a key role in securing a multi-million dollar aerospace contract.
