## EXPERTISE SKILLS

- automotive fabrication
- welding
- classic car restoration
- machining
- teamwork
- project coordination

## LANGUAGES

- English
- Spanish
- French

## CERTIFICATION

- Diploma in Automotive Technology

# MICHAEL ANDERSON

## AUTOMOTIVE METAL FABRICATOR

Highly accomplished metal worker with a specialization in automotive metal fabrication. Extensive experience in restoring classic cars and customizing vehicles for performance enhancement. Expertise in both traditional and modern fabrication techniques ensures the delivery of high-quality, performance-driven results. A strong focus on precision machining and welding methodologies has led to significant improvements in vehicle aesthetics and functionality.

## PROFESSIONAL EXPERIENCE

### **Classic Car Restorations**

*Mar 2018 - Present*

Automotive Metal Fabricator

- Restored vintage automobiles, ensuring authenticity and quality craftsmanship.
- Designed and fabricated custom body kits for enhanced vehicle performance.
- Utilized state-of-the-art welding equipment and machining tools for precision work.
- Collaborated with mechanics to integrate fabricated parts into vehicle systems.
- Maintained a clean and organized workspace, adhering to safety standards.
- Provided expert advice to clients on vehicle modifications and upgrades.

### **Speedy Metalworks**

*Dec 2015 - Jan 2018*

Metal Worker

- Fabricated metal components for performance vehicles using advanced techniques.
- Worked closely with the engineering team to develop innovative solutions.
- Conducted thorough quality checks on all fabricated parts prior to installation.
- Assisted in the development of new fabrication processes to improve efficiency.
- Engaged in training sessions to enhance skills and knowledge in metalworking.
- Participated in automotive shows to showcase completed projects.

## ACHIEVEMENTS

- Achieved a 95% customer satisfaction rating through quality restorations.
- Successfully completed over 100 custom projects within budget and on time.
- Recognized by industry peers for innovative design solutions in automotive metalwork.
