WORK EXPERIENCE

MIDDLE SCHOOL MATH TEACHER

Maple Leaf Academy

2020 - 2025

- Developed and implemented engaging math curriculum for grades 6-8, resulting in a 25% increase in overall student performance.
- Utilized formative assessments to tailor instruction, helping struggling students achieve grade-level proficiency.
- Incorporated real-world applications into lessons, enhancing student understanding and interest in mathematics.
- Facilitated math clubs and competitions, promoting teamwork and critical thinking among students.
- Organized workshops for parents to support student learning at home, fostering a collaborative approach to education.
- Created a positive classroom culture that encourages risk-taking and resilience in problem-solving.

MATH CURRICULUM DEVELOPER

Maple Leaf Academy

2015 - 2020

- Led a team to design a new math curriculum aligned with state standards, resulting in improved student outcomes across grades.
- Conducted professional development workshops for faculty on innovative math teaching strategies and assessment techniques.
- Analyzed assessment data to identify trends and inform curriculum adjustments, significantly raising average test scores.
- Collaborated with other subject area teachers to create interdisciplinary projects, enhancing student engagement.
- Mentored new teachers in effective classroom management and instructional strategies, fostering a supportive teaching environment.
- Secured grants to support the development of math resources and technology integration in the classroom.
