## SKILLS

- Microsoft BizTalk Server
- Apache Camel
- Integration Workflows
- Performance Optimization
- Agile Methodologies
- API Development

## EDUCATION

**BACHELOR OF SCIENCE IN INFORMATION SYSTEMS, UNIVERSITY OF TECHNOLOGY**

## LANGUAGE

- English
- Spanish
- German

## ACHIEVEMENTS

- Achieved recognition for exceptional contributions to middleware projects that improved client satisfaction.
- Successfully implemented a middleware solution that reduced operational costs by 15%.
- Received 'Employee of the Year' award for outstanding performance and dedication to quality in software development.

# Michael Anderson

## MIDDLEWARE SOLUTIONS DEVELOPER

Ambitious Middleware Developer with 6 years of experience in creating and deploying middleware solutions that enhance connectivity and streamline operations for various industries. Proficient in using technologies such as Microsoft BizTalk Server and Apache Camel to build robust integrations. Strong analytical skills combined with hands-on experience in troubleshooting middleware issues to ensure business continuity.

## EXPERIENCE

### MIDDLEWARE SOLUTIONS DEVELOPER

Synergy Tech Group

2016 - Present

- Designed comprehensive middleware solutions using Microsoft BizTalk Server, increasing data flow efficiency by 30%.
- Developed integration workflows that linked disparate systems, resulting in improved operational efficiency.
- Engaged with clients to gather requirements and provide tailored middleware solutions that addressed their needs.
- Monitored middleware performance and implemented optimizations, enhancing system reliability.
- Collaborated with IT teams to ensure seamless deployment of middleware applications.
- Documented technical specifications and user guides for middleware systems, improving user onboarding.

### INTEGRATION DEVELOPER

Next Level Solutions

2014 - 2016

- Worked on middleware integration projects using Apache Camel to connect various enterprise applications.
- Participated in Agile methodologies, contributing to sprint planning and progress tracking.
- Assisted in troubleshooting middleware issues and providing timely resolutions to minimize disruptions.
- Conducted performance testing on middleware applications, achieving a 20% improvement in response times.
- Collaborated with development teams to design APIs that improved system interoperability.
- Created comprehensive documentation for middleware solutions, facilitating knowledge transfer among teams.
