WORK EXPERIENCE

Senior Researcher

2020-2023

Impact Evaluation Group

- Led mixed methods evaluations of social programs, focusing on client outcomes and service effectiveness.
- Designed data collection instruments that improved response rates and data quality.
- Utilized Stata for quantitative analysis and MAXQDA for qualitative coding, resulting in comprehensive reports.
- Collaborated with community organizations to ensure research relevance and applicability.
- Presented findings to funders, influencing future funding allocations.
- Trained staff on mixed methods research design and implementation.

Program Evaluation Analyst

2019-2020

Nonprofit Research Services

- Conducted mixed methods research to assess the impact of community programs.
- Managed qualitative and quantitative data collection processes, ensuring compliance with ethical standards.
- Analyzed data using Stata, providing actionable insights for program improvements.
- Collaborated with stakeholders to disseminate research findings and recommendations.
- Contributed to grant proposals that secured additional funding for program expansion.
- Facilitated focus groups to gather feedback from program participants.

ACHIEVEMENTS

- Successfully increased program funding by 50% through compelling research outcomes.
- Published articles in nonprofit journals, enhancing the organization's credibility.
- Recognized for outstanding contributions to community research initiatives.
