MICHAEL ANDERSON

LEAD MOBILE DEVELOPER

Results-driven Mobile Application Developer with over 7 years of experience in building scalable mobile applications for the healthcare industry. Expertise in developing applications that comply with HIPAA regulations and enhance patient care. Strong background in collaborating with healthcare professionals to gather requirements and deliver effective solutions. Demonstrated ability to lead projects from conception to deployment while ensuring adherence to budget and timeline constraints.

PROFESSIONAL EXPERIENCE

HealthTech Innovations

Mar 2018 - Present

Lead Mobile Developer

- Directed a team in creating a mobile application that improved patient appointment scheduling by 60%.
- Ensured all applications met HIPAA compliance standards and security protocols.
- Collaborated with medical staff to gather requirements and optimize user experience.
- Implemented a feedback system that increased user satisfaction ratings by 35%.
- Monitored application performance and executed updates to improve functionality.
- Provided training to healthcare professionals on using the mobile applications effectively.

MediApp Solutions

Dec 2015 - Jan 2018

Mobile Application Developer

- Developed a telemedicine application that facilitated over 10,000 virtual consultations within the first year.
- Worked with cross-functional teams to define application features and enhance user engagement.
- Utilized Swift for iOS and Java for Android to ensure high performance across platforms.
- Conducted user training sessions to improve adoption rates among healthcare providers.
- Participated in code reviews and contributed to a culture of continuous improvement.
- Maintained thorough documentation for compliance and future reference.

ACHIEVEMENTS

- Recognized with the 'Innovation in Health Tech' award at the annual healthcare technology conference.
- Successfully reduced application load times by 40%, enhancing user experience.
- Led a project that increased patient engagement through mobile technology by 50%.
