SKILLS

- Java
- Spring Boot
- Microservices
- REST APIs
- Agile
- Performance Tuning

EDUCATION

**BACHELOR OF TECHNOLOGY IN
COMPUTER SCIENCE, ENGINEERING
INSTITUTE**

LANGUAGE

- English
- Spanish
- German

ACHIEVEMENTS

- Recognized for achieving a 35% increase in application performance through optimization strategies.
- Successfully completed a project that resulted in a 20% cost savings for the company.
- Received a commendation for outstanding teamwork and collaboration on cross-functional projects.

Michael Anderson

MOBILE BACKEND DEVELOPER

Proactive Mobile Backend Developer with a career spanning over 6 years in the retail and logistics industries. My technical expertise includes developing robust backend systems that support mobile applications aimed at improving customer experience and operational efficiency. I have a strong foundation in Java and Spring Boot, and I have utilized microservices to create scalable solutions.

EXPERIENCE

MOBILE BACKEND DEVELOPER

Retail Solutions Corp.

2016 - Present

- Developed backend services for a mobile retail application, enhancing user satisfaction scores by 30%.
- Implemented microservices architecture, improving application scalability and maintainability.
- Collaborated with the front-end team to optimize API responses, reducing load times by 25%.
- Utilized Spring Boot for building RESTful services, ensuring high performance.
- Conducted performance tuning and optimization, achieving 99.5% system uptime.
- Participated in Agile methodologies, ensuring timely delivery of features.

JUNIOR MOBILE BACKEND DEVELOPER

Logistics Innovations

2014 - 2016

- Assisted in developing backend systems for a logistics mobile app, streamlining operations by 20%.
- Worked with databases to ensure efficient data management and retrieval.
- Contributed to API documentation, facilitating better understanding for external developers.
- Engaged in debugging and troubleshooting, reducing issue resolution time by 30%.
- Supported the migration of legacy systems to cloud-based solutions.
- Participated in team meetings to discuss project progress and updates.
