Michael Anderson

LEAD MOBILE DEVELOPER

Proactive Mobile Interface Developer with a focus on social networking applications, bringing over 8 years of experience in creating engaging and interactive platforms. My expertise lies in developing features that foster community engagement and user interaction. I have a strong understanding of social media trends and user behavior, allowing me to create applications that resonate with target audiences.

EXPERIENCE

LEAD MOBILE DEVELOPER

SocialNet Technologies

2016 - Present

- Led a team in the development of a social networking app that reached over 1 million downloads within the first year.
- Defined and implemented user engagement strategies that resulted in a 50% increase in daily active users.
- Utilized analytics tools to track user behavior and refine app features.
- Collaborated with marketing teams to drive user acquisition through targeted campaigns.
- Mentored junior developers to enhance team skills and project quality.
- Ensured the app's compliance with data privacy regulations, maintaining user trust.

MOBILE DEVELOPER

ConnectApps Inc.

2014 - 2016

- Developed features for a messaging app that increased user retention by 35%.
- Participated in brainstorming sessions to identify new features and improvements.
- Engaged in regular code reviews to uphold best practices in development.
- Created detailed documentation for new functionalities to support team collaboration.
- Worked closely with designers to ensure a seamless user interface experience.
- Analyzed user feedback to prioritize enhancements and bug fixes.
