- Spanish
- French

Ambitious Mobile Optimization Engineer with 3 years of experience focused on enhancing mobile user experiences through innovative solutions. I have a strong foundation in both mobile application development and performance optimization techniques. My ability to analyze user data and implement effective strategies has led to improved app performance and user engagement.

WORK EXPERIENCE

Mobile Optimization Engineer   2020-2023

Future Tech Solutions

- Optimized mobile applications to enhance user experience and performance.
- Collaborated with development teams to identify and rectify performance issues.
- Implemented user feedback to drive design improvements and functionality.
- Utilized analytics tools to track app performance metrics.
- Engaged in continuous learning about mobile optimization best practices.
- Presented performance reports to stakeholders to highlight improvements.

Mobile Development Intern   2019-2020

Tech Startups Inc.

- Assisted in developing mobile applications under guidance from senior developers.
- Participated in code reviews and performance testing.
- Contributed to optimizing existing features based on user feedback.
- Supported QA teams in identifying and resolving performance issues.
- Documented processes for future reference and learning purposes.
- Engaged in team meetings to discuss project progress and challenges.

ACHIEVEMENTS

- Achieved a 25% increase in app performance through targeted optimization efforts.
- Successfully launched a mobile project that received positive user reviews.
- Recognized for valuable contributions during internship at Tech Startups Inc.
