MICHAEL ANDERSON

Junior Mobile Performance Engineer

Detail-oriented Mobile Performance Engineer with 3 years of experience in mobile application development focused on performance enhancement and optimization. Strong foundational skills in software engineering and a passion for delivering seamless user experiences. Experienced in utilizing performance testing tools to analyze application behavior and identify areas for improvement. Proven ability to work effectively in agile teams, collaborating with developers and designers to drive performance improvements.

💼 WORK EXPERIENCE

Junior Mobile Performance Engineer   2020-2023

Tech Innovations LLC

- Assisted in performance testing for mobile applications across various platforms.
- Utilized tools such as JMeter and Firebase for performance monitoring.
- Collaborated with development teams to implement performance enhancements.
- Documented test findings and contributed to performance improvement reports.
- Participated in scrum meetings to discuss project progress and performance goals.
- Supported the development of performance testing scripts and protocols.

Software Development Intern   2019-2020

Future Technologies Ltd.

- Contributed to the development of mobile applications with a focus on performance.
- Engaged in code reviews and testing to ensure application quality.
- Assisted in gathering user feedback to identify performance issues.
- Learned and applied Agile methodologies during the internship.
- Supported senior engineers in performance-related tasks and documentation.
- Participated in team brainstorming sessions to enhance app features.

⭐ ACHIEVEMENTS

- Contributed to a project that improved application performance by 30%.
- Recognized for exceptional teamwork and contribution during the internship.
- Completed a performance optimization workshop successfully.
