MICHAEL ANDERSON

LEAD MOBILE APPLICATION DEVELOPER

Results-oriented Mobile Platform Engineer with a decade of experience in the healthcare industry, specializing in developing mobile applications that improve patient engagement and streamline processes. I have a strong understanding of healthcare regulations and compliance standards, which allows me to create applications that are not only functional but also secure and reliable.

PROFESSIONAL EXPERIENCE

HealthTech Solutions

Mar 2018 - Present

Lead Mobile Application Developer

- Designed and deployed a patient engagement app that increased appointment bookings by 60%.
- Collaborated with healthcare professionals to gather requirements and create user-friendly interfaces.
- Implemented HIPAA-compliant security measures, ensuring patient data protection.
- Developed training materials for staff to facilitate app adoption across the organization.
- Conducted usability testing, resulting in a 30% improvement in user satisfaction scores.
- Managed a team of junior developers, providing mentorship and technical guidance.

MediApp Designs

Dec 2015 - Jan 2018

Mobile Developer

- Created a mobile app for medication reminders that reduced missed doses by 40% among users.
- Utilized Flutter and Dart for cross-platform functionality, improving development efficiency.
- Engaged in regular feedback sessions with users to refine app features and usability.
- Coordinated with marketing to promote the app, leading to a 20% increase in downloads.
- Maintained and updated the application based on user feedback and technological advancements.
- Ensured compliance with healthcare regulations throughout the development process.

ACHIEVEMENTS

- Received 'Best Healthcare App' award at the National Health Tech Conference.
- Increased user engagement metrics by 50% through targeted app enhancements.
- Successfully integrated telehealth features, resulting in a 35% increase in telemedicine consultations.
