MICHAEL ANDERSON

Senior Mobile Quality Engineer

San Francisco, CA • (555) 234-5678 • michael.anderson@email.com • www.michaelanderson.com

SUMMARY

As a Mobile Quality Engineer with over 5 years of experience in the tech industry, I have developed a strong skill set in mobile application testing, automation, and user experience optimization. My career began in a startup environment where I was responsible for building and executing test plans for early-stage products.

WORK EXPERIENCE

Senior Mobile Quality Engineer Tech Innovators Inc.   *Jan 2023 - Present*

- Developed and executed comprehensive test strategies for mobile applications.
- Automated test cases using Appium, resulting in a 40% reduction in testing time.
- Collaborated with cross-functional teams to ensure seamless integration of new features.
- Implemented performance testing frameworks that improved app load times by 25%.
- Conducted user acceptance testing (UAT) sessions with stakeholders to gather feedback.
- Mentored junior QA engineers on best practices for mobile testing.

Mobile QA Engineer StartUp Galaxy   *Jan 2020 - Dec 2022*

- Created detailed test plans and cases based on product requirements.
- Executed manual and automated tests to ensure app functionality across multiple devices.
- Reported and tracked bugs in JIRA, facilitating effective communication with developers.
- Participated in sprint planning and retrospective meetings to enhance team processes.
- Conducted exploratory testing to identify edge cases and improve product robustness.
- Assisted in the development of test automation frameworks from scratch.

EDUCATION

Bachelor of Science in Computer Science   *Sep 2019 - Oct 2020*
