EDUCATION

MASTER OF SCIENCE IN SOFTWARE ENGINEERING

ACHIEVEMENTS

- Increased test coverage by 60% through the implementation of automated testing.
- Recognized as 'Outstanding Performer' for consistently meeting project deadlines.
- Successfully launched a mobile banking app with zero critical defects reported post-launch.

PROFILE

With over 8 years of experience in mobile quality assurance, I specialize in enhancing application performance and user satisfaction. I have worked in various sectors, including finance and e-commerce, where I employed my expertise in both manual and automated testing to ensure the highest quality of mobile applications.

EXPERIENCE

LEAD MOBILE QUALITY ENGINEER

FinTech Solutions

2016 - Present

- Led a team of QA engineers in the development of mobile testing strategies.
- Implemented automated testing solutions using Espresso, improving testing efficiency by 35%.
- Collaborated with product managers to align testing efforts with business goals.
- Conducted training sessions for new team members on best practices in mobile testing.
- Analyzed test results and reported findings to stakeholders to inform decision-making.
- Participated in code reviews to ensure quality standards were met before deployment.

MOBILE QA TESTER

E-Commerce Hub

2014 - 2016

- Executed manual and automated tests to validate mobile app functionality.
- Designed test cases based on user stories and acceptance criteria.
- Tracked defects and facilitated communication between development and QA teams.
- Conducted regression testing to ensure ongoing product stability.
- Assisted in the migration of test cases to automated frameworks.
- Provided feedback on user interface and user experience improvements.
