EDUCATION

BACHELOR OF SCIENCE IN SOFTWARE ENGINEERING FROM TECH UNIVERSITY

ACHIEVEMENTS

- Recognized for outstanding performance in mobile testing during the annual company awards.
- Contributed to a project that enhanced mobile app performance by 30% post-launch.
- Improved testing documentation processes, reducing onboarding time for new testers by 20%.

PROFILE

Dedicated Mobile Testing Engineer with 4 years of experience specializing in mobile application testing for e-commerce platforms. My background in software engineering allows me to effectively communicate with developers and understand technical requirements. I have a strong commitment to quality assurance and user experience, utilizing both manual and automated testing techniques to ensure the delivery of high-quality mobile applications.

EXPERIENCE

MOBILE TESTING ENGINEER

E-Commerce Solutions

2016 - Present

- Conducted thorough testing of mobile applications, achieving a 95% bug detection rate prior to release.
- Developed automated test scripts using Espresso, reducing manual testing efforts by 50%.
- Collaborated with product owners to define acceptance criteria and ensure user-centric testing.
- Performed usability testing with real users to gather feedback and improve application design.
- Reported and tracked defects using Bugzilla, ensuring timely resolutions.
- Assisted in the deployment of mobile apps across both iOS and Android platforms.

JUNIOR MOBILE TESTER

App Development Co.

2014 - 2016

- Executed manual tests for mobile applications, identifying critical bugs before deployment.
- Participated in daily stand-ups and sprint reviews to align testing priorities with team goals.
- Utilized Xcode to perform testing on iOS applications, ensuring compatibility across devices.
- Documented test cases and results, contributing to the knowledge base for future projects.
- Performed exploratory testing to uncover hidden defects in mobile applications.
- Collaborated with the design team to ensure adherence to branding and user experience standards.
