MICHAEL ANDERSON

Mobile Testing Engineer

- San Francisco, CA
- (555) 234-5678
- michael.anderson@email.com

Dynamic Mobile Testing Engineer with 2 years of experience in the startup environment, focusing on testing innovative mobile applications. My role has involved rigorous testing to ensure high-quality deliverables in a fast-paced setting. I have contributed to projects that leverage cutting-edge technologies and focus on user engagement. I am well-versed in manual testing and have begun to explore automated testing tools such as Appium and Selenium.

WORK EXPERIENCE

Mobile Testing Engineer | Innovate Apps   Jan 2022 – Present

- Executed manual testing on new mobile applications to ensure functionality and user experience.
- Collaborated with developers to define testing requirements and streamline the development process.
- Documented and reported defects, achieving a 90% bug resolution rate.
- Participated in user acceptance testing, gathering feedback for product improvements.
- Assisted in developing automated test scripts to enhance testing efficiency.
- Engaged in team meetings to discuss project timelines and testing priorities.

QA Intern | Tech Start Co.   Jul 2019 – Dec 2021

- Supported the QA team in manual testing of mobile apps, focusing on functionality and performance.
- Helped document test cases and results for future reference.
- Participated in exploratory testing to uncover usability issues.
- Gained experience in Agile methodologies and team dynamics.
- Provided feedback during team retrospectives to improve testing strategies.
- Learned to use testing tools and frameworks to assist in the QA process.

SKILLS

Appium   Selenium   Manual Testing   Automated Testing   Agile   User Acceptance Testing

EDUCATION

Bachelor of Science in Computer Science from Emerging University   2015 – 2019
University

ACHIEVEMENTS

- Contributed to the launch of a mobile app that received positive user feedback within the first month.
- Recognized by management for quick learning and adaptability in a fast-paced environment.
- Improved documentation processes, leading to better knowledge sharing among team members.
