MICHAEL ANDERSON

MOBILE UX DESIGNER

Creative Mobile UX Developer with a passion for educational technology and over 4 years of experience crafting engaging mobile experiences for learners. Proven ability to balance user needs with business goals, ensuring that educational tools are accessible and effective. Skilled in collaborating with educators and stakeholders to design applications that enhance learning outcomes.

PROFESSIONAL EXPERIENCE

EduTech Solutions   *Mar 2018 - Present*
Mobile UX Designer

- Designed educational mobile apps that improved student engagement by 40%.
- Conducted user testing to gather feedback and iterate on design concepts.
- Collaborated with teachers to understand user needs and refine features.
- Created prototypes using InVision to validate design ideas before development.
- Worked with developers to implement designs while maintaining usability standards.
- Analyzed user data to inform future design updates and enhancements.

Learning Apps Co.   *Dec 2015 - Jan 2018*
UX Intern

- Assisted in designing user interfaces for various educational applications.
- Participated in brainstorming sessions to generate innovative design solutions.
- Created wireframes and user flows to support the design process.
- Conducted market research to identify trends in educational technology.
- Helped organize user testing sessions for feedback collection.
- Collaborated with the development team to ensure design feasibility.

ACHIEVEMENTS

- Achieved a 30% increase in app downloads through improved UX design.
- Recognized for excellence in design at EduTech Solutions' annual awards.
- Contributed to a project that received the 'Best Educational App' award.
