Innovative Mobility Planning Specialist with a focus on integrating equity and accessibility in transportation systems. Proven ability to design and implement mobility solutions that cater to underserved communities. Skilled in conducting thorough needs assessments and engaging diverse stakeholders to ensure inclusivity in planning processes. Committed to advancing social equity through transportation initiatives that enhance access to essential services.

WORK EXPERIENCE

Equity and Access Planner
2020-2023

Inclusive Mobility Coalition

- Developed strategies to improve transportation access for marginalized communities.
- Conducted outreach to gather input from diverse community members.
- Collaborated with local organizations to promote equitable transport solutions.
- Analyzed demographics to inform planning decisions.
- Prepared reports highlighting equity challenges in transportation.
- Facilitated community forums to discuss transportation needs.

Urban Accessibility Specialist
2019-2020

City Accessibility Office

- Assessed public transport systems for accessibility improvements.
- Engaged with advocacy groups to address transportation barriers.
- Developed accessibility guidelines for urban transport projects.
- Conducted audits of transportation facilities for compliance.
- Prepared recommendations for enhancing service delivery.
- Facilitated workshops on accessibility best practices.

ACHIEVEMENTS

- Increased transportation access for over 5,000 residents in underserved areas.
- Recipient of the Community Impact Award for Excellence in Equity Planning.
- Developed a toolkit for cities to enhance transport accessibility.
