

Michael

ANDERSON

HARD SURFACE MODELER

Proficient modeling artist with a keen eye for detail, specializing in hard surface modeling and mechanical design. With over 5 years of experience, adept at transforming conceptual designs into precise 3D models that adhere to industry standards. Expertise in software such as SolidWorks and Rhino allows for the creation of intricate and functional models used in various engineering applications.

SKILLS

- hard surface modeling
- mechanical design
- collaboration
- technical precision
- research
- documentation

LANGUAGES

- English
- Spanish
- French

EDUCATION

BACHELOR OF SCIENCE IN INDUSTRIAL DESIGN, GEORGIA INSTITUTE OF TECHNOLOGY, 2017

ACHIEVEMENTS

- Successfully contributed to a project that won a design innovation award.
- Streamlined modeling processes, resulting in a 15% reduction in project timelines.
- Recognized for excellence in technical modeling in a competitive industry.

WORK EXPERIENCE

HARD SURFACE MODELER

Engineering Design Solutions

2020 - 2025

- Created detailed 3D models of mechanical components for product prototypes.
- Collaborated with engineers to ensure models adhered to technical specifications.
- Utilized SolidWorks for precise modeling and assembly design.
- Conducted simulations to test functionality of designs.
- Maintained version control of design files for quality assurance.
- Participated in project meetings to discuss design improvements.

3D MODELER INTERN

Innovative Tech Corp.

2015 - 2020

- Assisted in creating 3D models for product presentations.
- Learned to apply best practices in hard surface modeling.
- Supported the design team in refining existing models.
- Conducted research on industry trends to inform design choices.
- Participated in client meetings to gather feedback on models.
- Maintained accurate documentation of modeling processes.
