- michael.anderson@email.com

Proactive Monitoring and Evaluation Specialist with a solid foundation in the agricultural sector, emphasizing sustainable farming practices and food security initiatives. Offers over 10 years of experience in designing and implementing M&E systems that measure the impact of agricultural programs on community livelihoods. Known for a comprehensive understanding of agricultural methodologies and the ability to engage with rural communities effectively.

WORK EXPERIENCE

Monitoring and Evaluation Specialist | Agri-Development Organization

Jan 2022 – Present

- Designed M&E systems for agricultural development programs focusing on food security.
- Conducted field evaluations to assess program effectiveness and community impact.
- Collaborated with farmers to gather data on agricultural practices and outcomes.
- Developed training materials for local staff on M&E methodologies.
- Analyzed program data to identify best practices and areas for improvement.
- Prepared evaluation reports for stakeholders, highlighting key findings and recommendations.

Evaluation Consultant | Food Security Initiative

Jul 2019 – Dec 2021

- Conducted evaluations of food security programs in rural communities.
- Developed indicators to measure program success and community engagement.
- Facilitated training sessions for local NGOs on M&E best practices.
- Engaged with community members to assess program impact on livelihoods.
- Analyzed qualitative and quantitative data to inform program enhancements.
- Presented findings to stakeholders, advocating for evidence-based agricultural policies.
