SKILLS

- Rail Systems
- Maintenance Strategy
- Diagnostic Tools
- Team Leadership
- Regulatory Compliance
- Continuous Improvement

LANGUAGES

- English
- Spanish
- French

EDUCATION

**BACHELOR OF SCIENCE IN
MECHANICAL ENGINEERING,
UNIVERSITY OF ILLINOIS**

ACHIEVEMENTS

- Improved locomotive reliability by 30% through effective maintenance practices.
- Received 'Outstanding Engineer' award for contributions to fleet performance.
- Implemented a new maintenance tracking system that enhanced reporting accuracy by 25%.

WORK EXPERIENCE

LEAD MRO ENGINEER

Railway Innovations Ltd.

2020 - 2025

- Oversaw maintenance operations for a fleet of locomotives, reducing service interruptions by 20%.
- Implemented condition-based maintenance strategies that improved asset lifespan.
- Conducted performance evaluations using advanced diagnostic tools and software.
- Coordinated with cross-functional teams to ensure timely repairs and inspections.
- Designed and executed training programs for maintenance staff.
- Managed compliance with federal regulations and safety standards.

MRO ENGINEER

Express Rail Services

2015 - 2020

- Performed routine and corrective maintenance on various rail vehicles.
- Assisted in the development of maintenance schedules to optimize fleet performance.
- Collaborated with engineering teams on upgrades and modifications.
- Maintained accurate records of maintenance and repairs.
- Participated in safety audits and inspections to ensure compliance.
- Supported continuous improvement initiatives to enhance service delivery.
