ACHIEVEMENTS

- Led a successful initiative that improved safety compliance rating by 40%.
- Awarded Safety Excellence Award for exceptional leadership in EHS initiatives.
- Developed a recognition program for outstanding safety performance among employees.

PROFILE

Accomplished Nano Safety and Compliance Officer with a robust background in environmental health and safety (EHS) management within the nanotechnology sector. Expertise lies in the integration of safety protocols into operational practices to ensure compliance with both domestic and international regulations. Proven ability to lead cross-functional teams in the development and execution of comprehensive safety training programs.

EXPERIENCE

EHS MANAGER

NanoSafety Corp

2016 - Present

- Directed the EHS management system, ensuring compliance with OSHA and EPA regulations.
- Implemented a comprehensive training program that enhanced employee awareness of nano safety.
- Conducted risk assessments and developed mitigation plans for nanomaterial handling.
- Championed sustainability initiatives that reduced waste by 25%.
- Facilitated audits and inspections to evaluate compliance with safety standards.
- Collaborated with senior management to establish strategic safety goals.

SAFETY COMPLIANCE COORDINATOR

Innovative Nanotech Solutions

2014 - 2016

- Assisted in the development and implementation of EHS policies for nanotechnology applications.
- Conducted safety evaluations and provided recommendations for operational improvements.
- Coordinated training sessions focusing on the safe use of nanomaterials.
- Maintained compliance documentation for regulatory inspections and audits.
- Supported incident investigation processes and identified corrective actions.
- Engaged with external partners to promote best practices in nano safety.
