

Michael ANDERSON

QUALITY ASSURANCE MANAGER

Dedicated Nanotechnology Quality Assurance Manager with extensive experience in the biotechnology sector, focusing on the quality aspects of nanomaterials used in drug delivery systems. Exceptional ability to navigate complex regulatory environments while ensuring that products meet stringent quality standards. Proven success in leading quality improvement initiatives that result in enhanced product performance and safety.

SKILLS

- Quality Assurance
- Biotechnology
- Regulatory Compliance
- Statistical Analysis
- Team Leadership
- Risk Assessment

LANGUAGES

- English
- Spanish
- French

EDUCATION

**MASTER OF SCIENCE IN BIOMEDICAL
ENGINEERING, JOHNS HOPKINS
UNIVERSITY**

ACHIEVEMENTS

- Reduced product recalls by 35% through effective quality management.
- Received the Quality Excellence Award for significant contributions.
- Published case studies on quality assurance practices in biotechnology.

WORK EXPERIENCE

QUALITY ASSURANCE MANAGER

BioNano Technologies

2020 - 2025

- Designed and implemented quality assurance programs for drug delivery nanotechnologies.
- Conducted comprehensive quality audits to ensure compliance with FDA regulations.
- Utilized statistical methods to evaluate product quality metrics.
- Led cross-functional teams in quality improvement projects.
- Facilitated workshops on quality assurance practices for staff.
- Developed documentation for quality management systems and processes.

QUALITY CONTROL SPECIALIST

NanoBiotech Inc.

2015 - 2020

- Performed quality inspections of nanomaterials for biopharmaceutical applications.
- Developed testing protocols to assess product safety and effectiveness.
- Maintained accurate records of quality control activities.
- Collaborated with R&D to ensure quality standards in product development.
- Participated in regulatory submissions to support product approvals.
- Executed root cause analysis for quality incidents to implement corrective actions.
