# MICHAEL ANDERSON

## NARRATIVE DESIGNER

Innovative Narrative Designer with a strong focus on integrating storytelling with cutting-edge technology. Demonstrated expertise in creating narratives that leverage virtual reality and augmented reality to enhance user immersion. Skilled in developing interactive scripts and scenarios that adapt to user choices, providing a personalized experience. Proven ability to collaborate with technical teams to ensure seamless integration of narrative elements within gameplay.

## PROFESSIONAL EXPERIENCE

### **Oculus Studios**

*Mar 2018 - Present*

Narrative Designer

- Designed immersive narratives for VR experiences, enhancing user engagement through interactive storytelling.
- Collaborated with developers to integrate branching narratives into gameplay mechanics.
- Conducted user testing to evaluate narrative effectiveness and engagement levels.
- Created storyboards and scripts that guided the development of VR environments.
- Utilized player data to inform narrative adjustments and enhance user experience.
- Participated in cross-disciplinary teams to innovate new storytelling techniques.

### **Various Clients**

*Dec 2015 - Jan 2018*

Interactive Storytelling Consultant

- Provided narrative design consulting for emerging AR/VR projects across different industries.
- Facilitated workshops to educate teams on interactive storytelling principles.
- Analyzed client needs to create tailored narrative solutions that enhance user engagement.
- Developed case studies highlighting successful narrative implementations in AR/VR.
- Collaborated with marketing teams to ensure narrative alignment with brand messaging.
- Mentored junior writers in the principles of interactive narrative design.

## ACHIEVEMENTS

- Recognized as a leading voice in VR storytelling by industry publications.
- Developed a VR narrative that won the Best Immersive Experience award at the 2023 Indie Game Festival.
- Increased user engagement metrics by 35% through innovative narrative solutions.
