## **EXPERTISE SKILLS**

- Commercial aviation
- Navigation software
- Project management
- Regulatory compliance
- Data analysis
- Technical training

## **LANGUAGES**

- English
- Spanish
- French

## **CERTIFICATION**

- Bachelor of Science in Aerospace Engineering, Embry-Riddle Aeronautical University, 2015

# MICHAEL ANDERSON

## NAVIGATION SYSTEMS DEVELOPER

A results-oriented Navigation Systems Engineer with a strong emphasis on commercial aviation applications. Possesses over 8 years of experience in the development and optimization of navigation systems for commercial aircraft. Demonstrates proficiency in the integration of advanced technologies such as GPS and inertial navigation systems to ensure high levels of accuracy and reliability.

## **PROFESSIONAL EXPERIENCE**

### **Aviation Systems Corp.**

*Mar 2018 - Present*

Navigation Systems Developer

- Designed navigation software for commercial aircraft applications.
- Conducted performance assessments and optimizations of navigation systems.
- Collaborated with regulatory bodies to ensure compliance with aviation standards.
- Utilized software tools for simulation and testing of navigation algorithms.
- Provided technical support and training for flight crews on navigation systems.
- Managed project deliverables and timelines effectively.

### **SkyTech Aviation**

*Dec 2015 - Jan 2018*

Junior Navigation Engineer

- Assisted in the development of navigation systems for new aircraft models.
- Performed data analysis to support navigation system improvements.
- Participated in system testing and validation processes.
- Documented technical specifications and user manuals.
- Supported senior engineers in project management tasks.
- Engaged in continuous learning and professional development activities.

## **ACHIEVEMENTS**

- Streamlined navigation software processes, reducing errors by 20%.
- Recognized for outstanding contributions to a major aircraft launch.
- Contributed to a publication on advancements in aviation navigation systems.
