SKILLS

- NAC Design
- Data Analytics
- Vulnerability Assessment
- User Training
- Incident Response
- Security Audits

EDUCATION

BACHELOR OF SCIENCE IN CYBERSECURITY, TECH UNIVERSITY

LANGUAGE

- English
- Spanish
- German

ACHIEVEMENTS

- Implemented NAC solutions that resulted in a 50% reduction in unauthorized access incidents.
- Recognized for outstanding performance in improving network security metrics.
- Contributed to a major project that enhanced the company's security posture significantly.

Innovative Network Access Control Engineer with 7 years of experience in the technology sector, focusing on the integration of NAC solutions to enhance network security. Demonstrated ability to design and implement effective access control policies that balance security needs with user experience. Skilled in utilizing data analytics to monitor network behavior and identify potential threats.

EXPERIENCE

NETWORK SECURITY ENGINEER
TechGuard Solutions
2016 - Present

- Designed and implemented NAC policies that improved user access efficiency by 35% while maintaining security.
- Utilized advanced analytics tools to monitor network activity and detect anomalies.
- Collaborated with IT teams to integrate NAC solutions into existing infrastructures smoothly.
- Conducted vulnerability assessments to identify and mitigate security risks.
- Provided technical support and guidance to users regarding access control issues.
- Participated in incident response planning and execution to address security breaches effectively.

INFORMATION SECURITY ANALYST
SecureLink Networks
2014 - 2016

- Assisted in the deployment of NAC solutions across multiple client sites, ensuring compliance with security policies.
- Monitored network traffic and reported security incidents to senior engineers.
- Developed user training materials focused on NAC best practices and security awareness.
- Engaged in regular security audits to assess the effectiveness of security controls.
- Worked with clients to gather requirements and customize NAC implementations.
- Supported IT teams in troubleshooting access-related issues to improve user experience.
