SKILLS

- Network security
- Performance optimization
- Incident management
- Compliance
- Team collaboration
- Analytical skills

LANGUAGES

- English
- Spanish
- French

EDUCATION

**BACHELOR OF SCIENCE IN
CYBERSECURITY, UNIVERSITY OF
CYBER ENGINEERING**

ACHIEVEMENTS

- Reduced security incident response time by 20% through improved monitoring protocols.
- Recognized for excellence in developing a comprehensive network security strategy.
- Successfully completed a project that enhanced network uptime to 99.9%.

WORK EXPERIENCE

NETWORK SECURITY ENGINEER

SecureNet Solutions

2020 - 2025

- Designed and implemented a robust network monitoring framework using Splunk and NetFlow.
- Conducted regular security assessments and vulnerability scans to identify potential threats.
- Collaborated with compliance teams to ensure adherence to security policies.
- Executed incident response procedures for network security breaches.
- Developed training programs on network security for internal staff.
- Prepared detailed reports on network security incidents for management review.

NETWORK ANALYST

TechWave Innovations

2015 - 2020

- Monitored network performance and security using Cisco ASA and IDS/IPS systems.
- Assisted in the configuration and maintenance of firewalls and VPNs.
- Provided support for network troubleshooting and performance tuning.
- Documented network changes and security incidents for audit purposes.
- Engaged in research to stay updated on emerging security threats.
- Provided input on network architecture design and improvements.
