EDUCATION

Bachelor of Science in Computer Science

Tech University
2016-2020

SKILLS

- Cloud Networking
- Virtualization
- Network Security
- Performance Monitoring
- Collaboration
- Documentation

LANGUAGES

- English
- Spanish
- French

Motivated Network Operations Engineer with a passion for cloud technologies and over 4 years of experience in managing cloud-based network solutions. My expertise includes deploying and maintaining scalable network architectures that support business growth while ensuring security and reliability. I have a solid background in virtualization technologies and am adept at using cloud platforms like AWS and Azure.

💼 WORK EXPERIENCE

Cloud Network Engineer
2020-2023

Cloud Innovations LLC

- Designed and implemented cloud network architecture, achieving 99.9% uptime.
- Managed virtual private networks (VPNs) ensuring secure remote access for users.
- Collaborated on cross-functional teams to integrate cloud solutions into existing infrastructure.
- Monitored cloud network performance and made adjustments to optimize speed.
- Documented processes and configurations for future reference and audits.
- Provided training to staff on cloud technologies and best practices.

Network Administrator
2019-2020

Tech Startups Inc.

- Supported network operations for a growing startup, ensuring reliable service.
- Assisted in migrating on-premises infrastructure to cloud environments.
- Implemented monitoring solutions to track network performance metrics.
- Documented network issues and resolutions to enhance knowledge sharing.
- Trained new hires on networking tools and cloud technologies.
- Participated in team brainstorming sessions to enhance service offerings.

⭐ ACHIEVEMENTS

- Successfully migrated 80% of services to cloud platforms within budget.
- Awarded 'Best Team Player' for contributions to team projects.
- Recognized for implementing a new network monitoring solution that decreased downtime.
