### SKILLS

- Network Performance
- Incident Resolution
- Troubleshooting
- Team Collaboration
- Documentation
- Financial Technology

### LANGUAGES

- English
- Spanish
- French

### EDUCATION

**BACHELOR OF SCIENCE IN  
INFORMATION TECHNOLOGY, FINANCE  
UNIVERSITY, 2015**

### ACHIEVEMENTS

- Improved network latency by 20% through optimization strategies implemented in trading applications.
- Received 'Star Performer' award for outstanding incident resolution during peak trading hours.
- Successfully led a training initiative that enhanced team knowledge on network tools.

### WORK EXPERIENCE

#### NOC ENGINEER

FinTech Innovations

2020 - 2025

- Monitored network performance for trading applications, ensuring compliance with strict SLAs.
- Utilized NetScout to analyze network data and identify performance bottlenecks.
- Collaborated with development teams to enhance network configurations for trading efficiency.
- Responded to incidents in real-time, reducing average resolution time by 30%.
- Documented network changes and incident responses to improve knowledge management.
- Participated in capacity planning discussions to proactively address network needs.

#### JUNIOR NOC ENGINEER

Banking Solutions Corp.

2015 - 2020

- Assisted in monitoring network operations, focusing on high-availability systems.
- Engaged in troubleshooting efforts for network incidents, ensuring quick resolution.
- Maintained incident logs and documentation for compliance purposes.
- Supported network upgrades and maintenance activities under senior supervision.
- Participated in team training sessions on new technologies and tools.
- Contributed to post-incident reviews to identify areas for improvement.
