SKILLS

- quantitative analysis
- Stata
- data integrity
- logic models
- report preparation
- training facilitation

EDUCATION

**BACHELOR OF SCIENCE IN STATISTICS,
UNIVERSITY OF CALIFORNIA, BERKELEY**

LANGUAGE

- English
- Spanish
- German

ACHIEVEMENTS

- Improved data accuracy by 15% through enhanced cleaning protocols.
- Recognized for exceptional contributions to a major program evaluation.
- Secured funding for a research initiative through compelling data presentations.

Michael Anderson

QUANTITATIVE RESEARCH ANALYST

Experienced Non-Profit Research Analyst with a solid foundation in quantitative research methodologies and a focus on enhancing service delivery within non-profit organizations. Skilled in utilizing statistical software to analyze data sets and generate insights that inform program design and implementation. Proven ability to work collaboratively with diverse teams to achieve research objectives and support organizational missions.

EXPERIENCE

QUANTITATIVE RESEARCH ANALYST

Data for Good

2016 - Present

- Conducted statistical analyses using Stata to evaluate program effectiveness.
- Collaborated with program managers to define research questions and metrics.
- Prepared detailed reports and presentations for stakeholder review.
- Managed data entry and cleaning processes to ensure data integrity.
- Assisted in the development of logic models for program evaluation.
- Facilitated training on data analysis techniques for staff.

ASSISTANT RESEARCH ANALYST

Non-Profit Research Center

2014 - 2016

- Supported data collection efforts for various research projects.
- Analyzed survey results to identify trends and inform programming.
- Contributed to the drafting of research reports for internal use.
- Assisted in the development of evaluation tools and surveys.
- Participated in team meetings to discuss research progress and findings.
- Maintained organized records of research activities and outputs.
