MICHAEL ANDERSON

OFFSHORE WELDING SUPERVISOR

Proficient Offshore Welder with extensive experience in the construction and repair of offshore oil and gas facilities. Over 12 years of hands-on experience in both fabrication and maintenance welding, adept at interpreting complex blueprints and schematics. Expertise in a variety of welding techniques, including arc and gas welding, with a commitment to maintaining safety standards and project timelines.

PROFESSIONAL EXPERIENCE

Coastal Energy Group

Mar 2018 - Present

Offshore Welding Supervisor

- Supervised a team of welders in the installation of offshore oil rigs.
- Developed training programs to enhance team skills and safety awareness.
- Ensured compliance with industry regulations and company standards.
- Conducted regular performance evaluations and provided constructive feedback.
- Facilitated communication between project management and welding teams.
- Optimized welding schedules to improve turnaround times on projects.

Blue Horizon Industries

Dec 2015 - Jan 2018

Offshore Welder

- Performed welding on platforms and subsea structures in various marine environments.
- Maintained welding equipment, ensuring readiness for operations.
- Documented welding procedures and maintained quality logs.
- Engaged in continuous training for new welding techniques and safety protocols.
- Assisted in emergency response drills and safety trainings.
- Achieved a 99% pass rate during external quality audits.

ACHIEVEMENTS

- Recognized for achieving zero safety incidents over a five-year period.
- Implemented a quality control system that improved project outcomes by 30%.
- Received commendation from management for exceptional leadership during high-pressure projects.
