# MICHAEL ANDERSON

## REFINERY OPERATIONS MANAGER

Esteemed Oil and Gas Manager with a specialized focus on refining operations and supply chain optimization. With over 12 years of experience, this professional has consistently demonstrated the ability to enhance operational efficiencies while ensuring compliance with environmental regulations. Possessing a deep understanding of the complexities of the refining process, this individual excels in identifying areas for improvement and implementing innovative solutions that drive profitability.

## **PROFESSIONAL EXPERIENCE**

### **Refined Energy Solutions**

*Mar 2018 - Present*

Refinery Operations Manager

- Managed refinery operations, ensuring compliance with environmental and safety regulations.
- Implemented lean manufacturing principles, resulting in a 20% reduction in waste.
- Oversaw the procurement of raw materials, optimizing supply chain efficiency.
- Developed and executed maintenance schedules that improved equipment reliability by 15%.
- Led initiatives to enhance energy efficiency, reducing operational costs significantly.
- Facilitated training programs for staff on safety practices and operational procedures.

### **Total Refining & Chemicals**

*Dec 2015 - Jan 2018*

Supply Chain Coordinator

- Coordinated logistics for raw material procurement and product distribution.
- Analyzed supply chain performance metrics to identify improvement opportunities.
- Collaborated with cross-functional teams to streamline operations and enhance productivity.
- Managed vendor relationships to ensure quality and timeliness of supply.
- Implemented inventory management systems that reduced holding costs by 10%.
- Developed contingency plans to mitigate supply chain disruptions.

## **ACHIEVEMENTS**

- Achieved a 25% increase in refining efficiency through process improvements.
- Recognized for excellence in safety management with a corporate award.
- Streamlined supply chain processes, resulting in a 15% cost reduction.
