MICHAEL ANDERSON

Senior Assessment Developer

San Francisco, CA • (555) 234-5678 • michael.anderson@email.com • www.michaelanderson.com

SUMMARY

Results-driven Online Assessment Specialist with over 7 years of experience in the educational technology sector. I have a proven track record of developing and implementing robust online testing solutions that enhance user engagement and improve assessment validity. My background in instructional design combined with my analytical skills allows me to create assessments that not only measure knowledge effectively but also provide insights into learner performance.

WORK EXPERIENCE

Senior Assessment Developer EduTech Innovations   *Jan 2023 - Present*

- Designed and implemented over 50 online assessments for various educational programs.
- Collaborated with subject matter experts to ensure content accuracy and relevance.
- Utilized data analytics tools to analyze assessment results and enhance question quality.
- Developed user-friendly interfaces to improve student engagement during assessments.
- Led training sessions for educators on best practices in online assessments.
- Managed a team of 3 assessment coordinators to streamline assessment processes.

Assessment Analyst Global Learning Solutions   *Jan 2020 - Dec 2022*

- Analyzed assessment data to identify trends and areas for improvement.
- Worked with IT to troubleshoot technical issues in online assessment platforms.
- Conducted usability testing on new assessment features to gather user feedback.
- Developed guidelines for educators on creating effective online assessments.
- Assisted in the transition from paper-based to online assessments, increasing efficiency.
- Provided reports to stakeholders on assessment effectiveness and learner outcomes.

EDUCATION

Master of Education in Educational Technology, University of California, Los Angeles   *Sep 2019 - Oct 2020*
