EDUCATION

**BACHELOR OF SCIENCE IN EARLY
CHILDHOOD EDUCATION, UNIVERSITY
OF GHI**

ACHIEVEMENTS

- Developed an award-winning curriculum recognized by the National Association for Early Childhood Education.
- Increased student engagement metrics by over 30% through innovative online activities.
- Led training workshops that enhanced educators' online teaching skills, resulting in improved student outcomes.

Dedicated Online Education Consultant with a deep understanding of early childhood education and online learning integration. With over 9 years of experience in the education sector, I have focused on developing online resources that support young learners and their educators. My approach emphasizes interactive content and community involvement to foster a love of learning.

WORK EXPERIENCE

EARLY CHILDHOOD ONLINE CURRICULUM DEVELOPER

Little Learners Academy

2020 - 2025

- Designed engaging online learning materials tailored for preschool and kindergarten students.
- Collaborated with educators to align curriculum with early learning standards.
- Implemented feedback mechanisms to continuously improve course content.
- Created parent engagement resources to support learning at home.
- Utilized assessment tools to measure student progress and outcomes.
- Facilitated training for teachers on integrating technology into early childhood education.

ONLINE EDUCATION CONSULTANT

Kids First Initiative

2015 - 2020

- Assisted schools in transitioning to online learning during the pandemic.
- Developed training programs for educators on effective online teaching methods.
- Worked with community organizations to promote access to online resources.
- Created multimedia content to support diverse learning needs.
- Conducted workshops for parents on supporting children's online learning.
- Evaluated program success through surveys and performance outcomes.
