## ONLINE PROGRAM MANAGER

Innovative Online Education Consultant with 15 years of experience in higher education and online program management. My career has been defined by a commitment to improving educational access and quality through technology. I have extensive experience in leading teams to develop online degree programs, ensuring academic integrity, and enhancing the student experience.

## EXPERIENCE

### ONLINE PROGRAM MANAGER

State University Online

2016 - Present

- Managed the development and launch of multiple online degree programs.
- Oversaw compliance with accreditation standards and institutional policies.
- Developed assessment frameworks to measure program outcomes and student satisfaction.
- Worked collaboratively with faculty to ensure course alignment with learning objectives.
- Utilized data analytics to identify trends and improve program offerings.
- Facilitated stakeholder meetings to gather input and drive program improvements.

### SENIOR EDUCATIONAL CONSULTANT

Academic Innovations Group

2014 - 2016

- Provided strategic consulting to universities on online education initiatives.
- Developed comprehensive reports on best practices in online program delivery.
- Conducted workshops to train faculty on online teaching methodologies.
- Engaged with stakeholders to develop partnerships for program growth.
- Analyzed market trends to guide program development and enhancements.
- Supported the implementation of LMS and online tools for course delivery.
