Detail-oriented Online Learning Assessment Specialist with a focus on adult education. With over 4 years of experience in assessing online learning programs for adult learners, I am skilled at developing assessments that cater to the unique needs of this demographic. My background in adult education theory enables me to create engaging and relevant assessments that enhance the learning experience.

## WORK EXPERIENCE

### Adult Learning Assessment Specialist | Adult Learning Institute

Jan 2022 – Present

- Designed assessments specifically for adult learners in various online courses.
- Collaborated with instructors to align assessments with course objectives and learner needs.
- Utilized feedback from learners to improve assessment design and delivery.
- Analyzed assessment results to identify patterns and inform course adjustments.
- Facilitated training for educators on best practices for adult assessments.
- Increased learner completion rates by 20% through targeted assessment strategies.

### Assessment Developer | Career Advancement Program

Jul 2019 – Dec 2021

- Created assessments tailored to adult learners seeking professional development.
- Worked with industry experts to ensure assessments reflect current job market needs.
- Conducted pilot testing to evaluate assessment effectiveness and make necessary adjustments.
- Analyzed learner feedback to enhance assessment relevance and engagement.
- Presented assessment findings to stakeholders to advocate for program improvements.
- Achieved a 25% increase in learner satisfaction with assessments through iterative design.
