Dedicated Online Learning Specialist with a focus on K-12 education, possessing 7 years of experience in designing and implementing online curricula tailored for diverse student populations. Strong background in instructional design, pedagogy, and technology integration to create engaging learning experiences that foster student success. Proven ability to collaborate with educators to enhance classroom instruction through effective online resources.

PROFESSIONAL EXPERIENCE

Bright Futures Academy   *Mar 2018 - Present*
E-Learning Specialist

- Developed over 30 online courses for K-12 students, leading to a 20% increase in overall student engagement.
- Collaborated with teachers to integrate online resources into existing curricula.
- Utilized Google Classroom and other LMS to streamline course delivery and communication with students.
- Conducted workshops for educators on best practices for online teaching and learning.
- Analyzed student performance data to refine course materials and instructional approaches.
- Implemented a feedback loop that increased course satisfaction ratings by 25%.

EduTech Solutions   *Dec 2015 - Jan 2018*
Instructional Designer

- Designed and developed interactive online modules that improved student learning outcomes by 30%.
- Worked with educators to create assessments that accurately reflected student knowledge and skills.
- Utilized multimedia tools to enhance the visual appeal and interactivity of course materials.
- Facilitated online training sessions for teachers to improve their digital teaching skills.
- Monitored and reported on student engagement metrics to inform course adjustments.
- Received accolades for innovative course design that was adopted across multiple schools.

ACHIEVEMENTS

- Successfully launched a new online learning platform that served 5,000+ students.
- Recognized for excellence in online course design at the annual education technology conference.
- Increased student retention rates by 15% through targeted online interventions.
