MICHAEL ANDERSON

OPERATIONS DATA ANALYST

Results-oriented Operations Data Analyst with over 4 years of experience in the healthcare sector. Specializes in leveraging data analytics to improve patient care and operational efficiencies. Strong analytical skills complemented by hands-on experience in data mining, statistical analysis, and reporting. Proven ability to collaborate with clinical teams to identify key performance indicators and assess quality metrics.

PROFESSIONAL EXPERIENCE

Health Services Group   *Mar 2018 - Present*
Operations Data Analyst

- Analyzed patient data to identify trends in treatment outcomes, leading to improved care protocols.
- Developed dashboards for tracking key performance indicators, enhancing visibility for management.
- Collaborated with healthcare providers to assess quality metrics and implement improvements.
- Utilized statistical analysis tools to conduct research on patient satisfaction surveys.
- Presented data-driven recommendations to executive leadership, influencing strategic initiatives.
- Led training sessions on data analysis tools for clinical staff.

Wellness Analytics Corp.   *Dec 2015 - Jan 2018*
Data Analyst Intern

- Assisted in data collection and analysis for clinical research projects.
- Supported the development of statistical models to improve patient outcomes.
- Conducted data cleaning and validation to ensure accuracy in reports.
- Participated in team meetings to discuss data insights and findings.
- Provided support in creating visualizations for presentations to stakeholders.
- Helped in compiling reports on project progress and outcomes.

ACHIEVEMENTS

- Contributed to a project that improved patient care processes, resulting in a 15% reduction in readmission rates.
- Recognized for outstanding contributions to a data-driven quality improvement initiative.
- Successfully assisted in a research project that was published in a healthcare journal.
