MICHAEL ANDERSON

PEDIATRIC DENTIST

Compassionate Oral Healthcare Practitioner with 10 years of experience in pediatric dentistry. I am dedicated to providing a comfortable and enjoyable dental experience for children and their families. My approach emphasizes preventive care and education, ensuring that young patients develop healthy habits from an early age. I have a strong ability to communicate with children and their parents, helping to alleviate anxiety and promote a positive attitude towards dental visits.

PROFESSIONAL EXPERIENCE

Kids' Dental Care

Mar 2018 - Present

Pediatric Dentist

- Provided comprehensive dental care to children aged 1-18, focusing on preventive and restorative treatments.
- Implemented individualized treatment plans that improved patient compliance by 30%.
- Utilized child-friendly communication techniques to ease anxiety and build trust with young patients.
- Conducted educational workshops for parents on oral hygiene practices for children.
- Collaborated with pediatricians to coordinate care for children with special needs.
- Maintained a safe and welcoming practice environment that fostered a positive patient experience.

Family Dentistry Associates

Dec 2015 - Jan 2018

Associate Dentist

- Assisted in general dental care and provided education to parents on oral health for their children.
- Performed routine examinations and cleanings, ensuring thorough documentation of patient history.
- Engaged in community outreach initiatives, promoting dental health in schools and local events.
- Developed rapport with patients, resulting in a strong referral base from satisfied families.
- Participated in team meetings to discuss treatment philosophies and enhance patient care strategies.
- Maintained up-to-date knowledge of pediatric dental practices and guidelines.

ACHIEVEMENTS

- Awarded 'Best Pediatric Dentist' by the National Association of Pediatric Dentists in 2021.
- Developed a school dental health program that reached over 500 children annually.
- Received positive feedback from 95% of parents on patient care and communication skills.
