

Michael ANDERSON

COSMETIC ORAL SURGEON

Innovative Oral Surgeon with 15 years of experience specializing in cosmetic oral and maxillofacial surgery. My expertise includes aesthetic enhancements, dental implants, and reconstructive procedures that improve both function and appearance. I am passionate about providing patients with transformative results while ensuring their comfort and satisfaction throughout the surgical process. I utilize state-of-the-art technology, including laser surgery and digital imaging, to achieve precision in my work.
