Michael Anderson

PUBLIC HEALTH ORAL SURGEON

Strategic Oral Surgeon with a focus on public health and community dentistry, bringing 9 years of experience in providing surgical care in underserved areas. My career is dedicated to improving oral health access and outcomes for populations with limited resources. I have worked with various community health organizations to develop outreach programs that educate the public on oral health and preventive care.

EXPERIENCE

PUBLIC HEALTH ORAL SURGEON

Community Dental Outreach

2016 - Present

- Provided surgical services in underserved communities, performing over 150 surgeries annually.
- Developed educational workshops focused on oral hygiene and preventive care.
- Collaborated with local health departments to improve access to dental care.
- Trained volunteers on basic oral health assessments and outreach strategies.
- Implemented a mobile dental clinic that increased service reach by 50%.
- Achieved recognition for outstanding community service from local health organizations.

ORAL SURGEON RESIDENT

Community Health Center

2014 - 2016

- Assisted in surgeries and provided care in a community health setting.
- Conducted outreach programs to promote oral health awareness.
- Participated in research aimed at improving access to dental care.
- Engaged in direct patient care, improving surgical outcomes by 15% through follow-up.
- Collaborated with public health officials to address community health needs.
- Presented findings on oral health disparities at local health conferences.
