PROFILE

Accomplished Organic Certification Specialist with an extensive background in environmental sustainability and organic farming practices. Expertise in interpreting and applying complex regulatory frameworks to enhance compliance and promote organic agriculture. Demonstrates exceptional analytical skills in assessing production systems and formulating effective strategies for certification. Proven track record of building strong relationships with clients, fostering trust and transparency in the certification process.

EXPERIENCE

LEAD CERTIFICATION SPECIALIST

Organic Alliance

2016 - Present

- Oversaw the certification process for a diverse portfolio of organic farms, ensuring compliance with NOP standards.
- Developed and implemented a comprehensive training curriculum for new organic farmers.
- Conducted regular workshops to educate stakeholders on organic practices and certification requirements.
- Facilitated the transition of conventional farms to organic production, providing guidance throughout the process.
- Evaluated and improved internal auditing processes to enhance efficiency and accuracy.
- Maintained relationships with regulatory agencies to ensure alignment with changing standards.

ORGANIC INSPECTOR

Certify Green

2014 - 2016

- Performed inspections on over 150 organic farms to assess compliance with certification standards.
- Documented findings and provided actionable feedback to producers for continuous improvement.
- Collaborated with certification teams to streamline inspection processes and reporting.
- Engaged in community outreach to promote the benefits of organic farming.
- Assisted in the development of best practices for organic production methods.
- Participated in industry conferences to share knowledge and network with other professionals.
