SKILLS

- Agricultural engineering
- Organic production
- Technology integration
- Team training
- Compliance management
- Performance monitoring

LANGUAGES

- English
- Spanish
- French

EDUCATION

**BACHELOR OF SCIENCE IN
AGRICULTURAL ENGINEERING, TEXAS
A&M UNIVERSITY**

ACHIEVEMENTS

- Achieved a 35% reduction in operational costs through efficiency improvements.
- Recipient of the Agricultural Innovation Award for outstanding contributions to organic farming.
- Successfully launched a community-supported agriculture program, increasing local engagement.

WORK EXPERIENCE

ORGANIC FARM PRODUCTION MANAGER

Pure Fields Organic Farm

2020 - 2025

- Managed organic production processes for a diverse range of crops, enhancing quality and yield.
- Implemented advanced irrigation systems that reduced water usage by 25%.
- Conducted training sessions focused on safety and organic farming practices for staff.
- Monitored compliance with organic farming regulations and certifications.
- Utilized precision farming tools to optimize planting and harvesting schedules.
- Developed partnerships with local retailers to promote organic products.

AGRICULTURAL ENGINEER

AgriTech Innovations

2015 - 2020

- Designed and implemented agricultural technologies for organic farm operations.
- Conducted feasibility studies for new organic farming techniques and equipment.
- Provided technical support and training for farmers on equipment usage.
- Evaluated the environmental impact of various farming practices.
- Collaborated with research teams to develop sustainable farming technologies.
- Presented findings at agricultural technology conferences to promote innovation.
