WORK EXPERIENCE

Agronomy Educator

2020-2023

University of Sustainable Agriculture

- Developed and taught courses on organic agronomy and sustainable farming practices.
- Conducted research on the impact of organic practices on crop yields.
- Collaborated with local farms to provide students with hands-on learning experiences.
- Advised student-led organic farming projects and initiatives.
- Organized field days to demonstrate organic farming techniques to the public.
- Published research findings in academic journals to contribute to the field.

Organic Farming Consultant

2019-2020

Local Agricultural Co-op

- Provided consulting services to local farmers on transitioning to organic practices.
- Facilitated workshops on organic certification processes and standards.
- Worked with farmers to develop customized organic farming plans.
- Conducted soil health assessments and provided recommendations for improvement.
- Monitored and evaluated the effectiveness of implemented practices.
- Engaged with community stakeholders to promote organic farming benefits.

ACHIEVEMENTS

- Increased student engagement in agronomy courses by 180% over three years.
- Recognized as Outstanding Educator of the Year by the National Association of Agricultural Educators.
- Published a widely used textbook on organic agronomy practices.
