Passionate Organic Farming Specialist dedicated to enhancing food sovereignty through grassroots organizing and community engagement. Expertise in developing programs that empower marginalized communities to access healthy, organic food sources. Proven ability to mobilize community resources and foster partnerships that support local food systems. Strong communication and advocacy skills, facilitating dialogues between farmers and community members.

## WORK EXPERIENCE

### Community Organizer | Food Justice Coalition

Jan 2022 – Present

- Mobilized community members to advocate for local food access initiatives.
- Developed programs that increased awareness of the benefits of organic farming.
- Facilitated workshops on sustainable practices for community members.
- Established partnerships with local farmers to support food distribution efforts.
- Conducted outreach to underserved populations to promote CSA participation.
- Led initiatives that connected community members with local organic farms.

### Food Sovereignty Advocate | Sustainable Communities Network

Jul 2019 – Dec 2021

- Advocated for policies that support organic farming and food justice.
- Conducted research on food access disparities in local communities.
- Organized community forums to discuss food sovereignty issues.
- Provided training for community leaders on organic agriculture advocacy.
- Collaborated with local governments to promote sustainable food policies.
- Authored reports highlighting the importance of organic farming for community health.
