- community engagement

### LANGUAGES

- English
- Spanish
- French

### WORK EXPERIENCE

#### Climate Resilience Trainer

2020-2023

AdaptAgro Solutions

- Developed training programs focused on adaptive farming practices for climate resilience.
- Facilitated workshops that equipped farmers with tools to combat climate-related challenges.
- Engaged in research to identify best practices for sustainable agriculture in changing climates.
- Collaborated with environmental organizations to align training with ecological goals.
- Utilized participant feedback to continuously improve training content and delivery.
- Monitored and evaluated the long-term impact of training on farming practices.

#### Sustainable Farming Educator

2019-2020

Green Future Network

- Conducted training sessions on sustainable farming methods that enhance resilience.
- Developed educational resources tailored to the challenges of local ecosystems.
- Organized community workshops that promoted ecological awareness and sustainable practices.
- Engaged farmers in participatory research to identify effective practices.
- Utilized storytelling to share success stories and inspire change among participants.
- Evaluated program effectiveness through environmental impact assessments and participant feedback.

### ACHIEVEMENTS

- Recipient of the 'Sustainability Champion Award' from the Environmental Farming Association in 2023.
- Increased farmer adaptation to sustainable practices by 45% within two years.
- Published research on the impact of sustainable practices on climate resilience in agricultural journals.
